Palvi INDUSTRIES LIMITED

CHEMICALS FOR A BRIGHTER TOMORROW

QUALITY TRUST GLOBAL REACH SUSTAINABILITY

Palvi INDUSTRIES LIMITED

About Company

Palvi Industries Limited is a Vadodara, India based medium sized company engaged in the manufacturing of molybdenum derivatives since 2010. The annual revenue of company is in excess 15 million US Dollars and is growing every year. We are India's largest producer of Molybdenum derivatives which has vast applications in Pigments, paints &coats, Corrosion inhibitors, Lubricating Oil Blend and Optimum Concentrates for Onsite range of Plastics, Polymers, Paper and textiles. We utilize range of Plastics like biggest quality & manufactured in a state of the art, Zero Discharge facility. Our products are accepted by Multinational giants and exported regularly to more than 30 countries worldwide.

- Professionally managed ISO 9001:2015 Certified company
- The Govt. of India recognised 2 STAR EXPORT Trading House.
- Aeo Certified Company
- Member of Export Promotion Councils like Chemexcil, APEDA, FIEO, FICCI.
- Niryat Shradd Bronze Trophy from FIEO
- Consistent performance since last 2 decades.
- Wide product portfolio and global market.

Quality and Commitment

"Quality is the paramount to success" is the firm belief we nurture at Palvi. Committed to mark our global existence by larger base of services, we strive for higher level of satisfaction by continual improvement in the related business processes."

- Meeting quality & delivery commitment.
- Enhancement of customer satisfaction.
- Developing competent team by providing need base training.

Sodium Molybdate

Product Name	Sodium Molybdate
Synonyms	Sodium Molybdate (Sodium Molybate Dihydrate)
Molecular Formula	$Na_2MoO_4 \cdot 2H_2O$
CAS No	10102-40-6
Assay	99-100%
Mo Content	39 to 39.7 %
MoO3 Content	59 to 59.5 %

Characteristics	Specification
Status	Crystalline
Colour	White
Solubility	Water Soluble
Ph of 10% solution	6.0 – 10.0
Loss of drying	14.8 to 15.2 %
Chloride (Cl)	0.05 % max
Sulphate (So4)	0.05 % max
Phosphate (Po4)	0.03 % max
Heavy Metals as Lead (Pb)	0.01 % max
Arsenic (As)	0.01 % max
Cadmium (Cd)	0.001 % max
Mercury (Hg)	0.0001 % max

DBS CERT ISO 9001:2015 ISO 14001:2015 ISO 45001:2018

Molybdenum Trioxide

Product Name	Molybdenum Trioxide
Synonyms	Molybdic Anhydride or Pure Oxide Colored
Molecular Formula	MoO_3
CAS No	1313-27-5
Assay	99.50-99.95%
Mo Content	66.5 % min
MoO3 Content	99.5 %

Characteristics	Specification
Status	Amorphous
Colour	Yellowish/ Greyish
Solubility	Alkali Soluble
Insolubles in ammonia	0.02 % max

Packings

- 25 Kgs BOPP bags with liner inside

DBS CERT ISO 9001:2015 ISO 14001:2015 ISO 45001:2018

A Government of India Recognised 2 STAR EXPORT HOUSE

Palvi INDUSTRIES LIMITED

Ammonium Heptamolybdate

Product Name	Ammonium Heptamolybdate
Synonyms	Ammonium Molybdate (Ammonium Para Molybdate)
Molecular Formula	$(NH_4)_6Mo_7O_{24} \cdot 4H_2O$
CAS No	12054-85-2
Assay	98-99.75%
Mo Content	53.5 to 55%
MoO3 Content	80 to 82.5 %

Characteristics	Specification
Status	Crystallins
Colour	White
Solubility (DM Water)	Solution is clear & colourless
Ph of 5% solution	5 – 6
Heavy Metals as Lead (Pb)	0.01 % max
Arsenic (As)	0.01 % max
Mercury (Hg)	0.0001 % max

Packings

- 25 Kgs BOPP bags with liner inside

Ammonium Dimolybdate

Product Name	Ammonium Dimolybdate
Synonyms	Ammonium Molybdate
Molecular Formula	$(NH_4)_2Mo_2O_7$
CAS No	27546-07-02
Assay	99-100%
Mo Content	56 to 56.5 %
MoO3 Content	84 to 85 %

Characteristics	Specification
Status	Crystalline
Colour	White
Solubility	Water Soluble
Ph of 5% solution	5 – 7
Heavy Metals as Lead (Pb)	0.05 % max
Arsenic (As)	0.01 % max
Cadmium (Cd)	0.001 % max
Mercury (Hg)	0.0001 % max

Packings

- 25 Kgs BOPP bags with liner inside
